

The University of Winnipeg
Faculty of Education

Most of the university's course information is posted online. Students are advised to visit The University's website, and to look at the following documents for more detailed information:

The Academic Calendar

The Academic Calendar contains information on degree requirements, program rules and regulations, and course descriptions. The Academic Calendar is available online at: uwinnipeg.ca/academics/calendar/index.html

Course Schedules

The course schedule for Year 1 of the After Degree program is prescribed, and is included in your registration package.

Student Planning System

"*Student Planning*" is UW's online system for planning and registering for courses. You can use Student Planning to register for courses, drop or add courses, and communicate with your advisor. Throughout your degree program, you can use Student Planning to track your progress, and ensure that you are meeting all requirements. To begin, view some helpful video tutorials about Student Planning by visiting the following web page. uwinnipeg.ca/student-planning/instructional-videos.html

Registration Instructions

The "*Registration*" section of the University's website contains a wealth of information to help you register for your courses – uwinnipeg.ca/registration/index.html

Here, you will find information on tuition payment, getting your student ID card, buying books, and much more. You will also find instructions for using WebAdvisor, the University's online registration system.

Take some time to review the material on this website.

Remember that the After Degree program has many unique rules and regulations, so some of the course information in this section will not apply to you. For example, the academic dates for the After Degree program are different from those for other university programs. This booklet should be your primary resource for information on courses, degree requirements, and academic dates.

The chart on page 4 lists the exact courses and sections for which you must register. Be sure that you have registered for all required courses, as well as for both practicum blocks. Errors in registration can be difficult to correct later on.

Attendance Policy

The Bachelor of Education Program leads to a professional degree. Students are expected to attend, be punctual and participate in all classes. These expectations acknowledge their importance for the teaching and learning process and the professional responsibilities of teachers.

Students are encouraged to volunteer and participate in extra-curricular activities in their host schools. However, students must ensure that no conflict occurs between the school activity and their attendance in class. Students are not to miss University classes for school activities.

Academic Advising

Advisors in the Faculty of Education Office are very busy between April and August with admissions and new student orientations. Please expect to wait at least a few days for a response to emails and phone calls. If your questions or concerns are complex, please make an appointment by emailing a.bourgoin@uwinnipeg.ca

Classroom Locations

Courses will be taught in The Annabelle and Herb Mays Education Commons located at 491 Portage Avenue, Basement (Annex).

Fall/Winter Term

Note: *If you miss days of practicum you must contact your Faculty Supervisor.*

Practicum Meetings

The Practicum Office will hold meetings for Certification Year and After-Degree students on three evenings throughout each term. These meetings will give students an opportunity to learn about a number of facets of student teaching both in its execution and in preparation for practicums. Four themes will be visited - professional practice, preparation, mental wellness, and opportunities for career development. Meetings will be held online and recorded. More information will be provided to students at the start of the Fall term.

Here. We Grow!

The Faculty of Education will offer a series of professional development and career exploration seminars as well as workshops and placements throughout the year for all education students. These sessions will cover a variety of topics, such as creating engaging field trips, learning about speakers available to you and your students and other opportunities to see the variety of 'teaching' that occurs in Manitoba schools. As well, tailored for our graduating students, Career & Hiring Fair will be offered allowing several school divisions to present information sessions on employment prospects and application procedures.
