

Experiential Learning Fund 2013-2014

Final Report

Prepared by Jessica Adkin, Chair of the Experiential Learning Fund Selection Committee

Introduction

The Experiential Learning Fund was administered for the second time during the 2013-2014 academic year. The fund consisted of \$30,000 provided through the President's Office and intended to provide support for faculty and students engaging in for-credit experiential learning.

Process

The process was organized by the Experiential Learning Initiatives Network (ELIN) chaired at the time by Alana Lajoie-O'Malley. Members of ELIN created an application form (see Appendix A).

Members of the selection committee were chosen:

VP Academic designate: Lloyd Kornelson

Dean/Associate Dean: Sylvie Albert

3 members of ELIN: Debbie Schnitzer, Kathleen Venema and Andrée Forest

Student member: Nawal Tajdin

Chair: Jessica Adkin

A call for submissions was put in the Faculty and Staff e-mail bulletin in early October with an intended deadline of October 25th.

Once all applications were received, the selection committee members were emailed all applications along with a template to use as a guide for evaluation (see Appendix B). The Selection Committee met in person to finalize the selection of the recipients on November 15th, 2013. After consensus was reached, the Chair of the Selection Committee e-mailed letters to all applicants (see Appendix C and Appendix D) informing them of the outcome.

The Chair of the Selection Committee provided The President's Office with the names of the successful applicants along with the dollar amount awarded to each. The President's Office requested that Financial Services set up designated accounts for faculty recipients and ensured that the appropriate amount of money was transferred into the accounts. Once the accounts were set up, the Chair of the Selection Committee emailed the designated account numbers to the successful applicants. In the case of student recipients, the President's office arranged cheques for pick-up.

Application #9: Experiential Learning Survey of Psychology Students

Application #17: Cultural Management Project in Mexico

Applicant: Student,

APPENDIX A

APPLICATION FOR A GRANT FROM THE EXPERIENTIAL LEARNING FUND

Purpose

The purpose of **The Experiential Learning Fund** is to advance **for-credit** experiential learning at The University of Winnipeg. The fund is intended to support for-credit experiential learning opportunities for UWinnipeg students **that might not otherwise exist**. The fund is **not** intended to support an individual student or groups of students who are pursuing a mandatory practicum component of a course.

Experiential uses participants' own experience, activity, and reflection, rather than only lecture and theory, as the means of generating understanding and transferring skills and knowledge. It is an umbrella term often used to describe service learning, practicum experiences, internships, and fieldwork, as well as activity encompassed by prior learning assessment.

Eligibility

Applications may be accepted from students, staff and faculty members of The University of Winnipeg. We also encourage application teams and partnerships with community groups.

FundingCriteria

Proposals can include projects that either advance University-wide mechanisms/supports for experiential learning or projects that support specific experiential-learning opportunities for students. Any costs directly related to such projects may be eligible for funding. Projects may include, but are not limited to, those that:

Funding to support honours student project doing field work at Sandilands Forest collecting data on the Least Chipmunk. For credit.

Department of Anthropology. Students.

Funding to support students gaining hands-on field and excavation experience in paleoanthropology and archaeology by attending the Balanica field school in Serbia. For credit.

Department of Indigenous Studies. Faculty member.

Funding to support a 3 week summer field school for students to learn about local plants, their uses, and perspectives from Indigenous traditions. For credit.

Department of Kinesiology and Applied Health. Faculty member.

Funding to support the additional of an experiential learning element (canoeing and kayaking at Fort Whyte) to a traditional classroom course (Outdoor Education and Recreation). For credit.

Faculty of Kinesiology. Faculty members.

Funding to advance experiential learning for Athletic Therapy students by implementing an online Health Sciences Placement Network activity tracker and practicum database. For credit.

Department of Psychology. Faculty member.

Funding to support the development of a 4-year General Degree in Community and Applied Psychology, which would involve one or more courses that require students to work in the community. These funds would be used to hire a senior student to develop a compendium of potential work placements.

Department of Urban and Inner-City Studies. Faculty member.

Funding to support a student in a Directed Readings course with an experiential learning base. The student will visit 12 community based organizations and education institutions that serve inner-city adults to encourage potential adult learners to pursue post-secondary education and to learn how to attract adult learners to post-secondary education. For credit.

Department of Religion and Culture. Faculty member.

Funding to support a 6-credit summer course titled "Japanese Civilization: Past and Present" held in Kyoto. The funding will enhance the student experience by supplementing the program with an overnight trip to Nara and Mt. Koya. For credit.

Department of Theatre and Film. Student.

Funding to support a student taking a Special Studies course in Playwriting who will travel to Ireland for first-hand research on a script.

Please assign a point value for each of the criteria. The minimum and maximum point values are indicated in brackets for each criteria.

| | Criteria #1 | Criteria #2 | Criteria #3 | Criteria #4 | Criteria #5 | Total | | |

APPENDIX C

February 8, 2013

XXXXX

Dear XXXX,

Thank you for your proposal to the Experiential Learning Fund . We are pleased to support your project titled "XXXX" in the amount of \$XXXX.

Financial Services will arrange a designated account to provide you with the approved funding. If you do not receive your transfer of these monies in the next 7 days, please contact Angelina Turney in the President's Office at a.turney@uwinnipeg.ca. Based on the terms of reference of the fund, you will have until August 31, 2014 to complete the project. A final report outlining the use of the funds and the outcome of the project is required to the President's Office within two months of the completion of the project.

Any money unused or unclaimed as of August 31, 2014 will be returned to the fund and applied to future projects.

Congratulations and best wishes for a successful project!

Jessica Adkin
Chair, Experiential Learning Fund Selection Committee

Cc:
Dr. Lloyd Axworthy, President & Vice-Chancellor
Dr. Neil Besner, Vice President (Research, Recruitment & International) and Acting Provost and Vice-President (Academic)
Ms. Alana Lajoie-O'Malley, Chair of the UWinnipeg Experiential Learning Initiatives Network (ELIN)

APPENDIX D

February 8, 2013

XXXXX

Dear XXXX,

Thank you for your proposal to the Experiential Learning Fund titled "XXXXX". The selection committee focused their attention on projects that advanced for-credit experiential learning opportunities for UWinnipeg students. Unfortunately, not all of the applications could be supported by the limited funds available and we are unable to recommend funding at this time. If you would like further feedback, please contact me at je.adkin@uwinnipeg.ca

We hope you will consider 5291 scn 0.0026(mo3am(n)11(g)-19(ai)n (ai)n o)11(t)-7(he)11e fferer
